# PRODUCTS OF PRECISION & INNOVATION

**A**ir & Allied Sales (Pacific) Pty Ltd is the sole Australian and New Zealand importer for various quality brands. Our core range is comprised of Air Tools, Chain Hoists, Winches and Motorsport Products and Associated Accessories. We supply industries including mining, oil & gas, construction, infrastructure, automotive, manufacturing, marine, government, defence and motorsport.

Operating since 1974, Air & Allied Sales represents high quality, high profile products and enjoys a leading market position. We have an international distribution network, with a head office in Brisbane, Australia. The key to our success is based on long-term relationships with both our suppliers and you, our valued client.

Our unique trademark is a combination of industry-wide knowledge, continual product development and most importantly, a true passion for what we do!

## WE ARE COMMITTED TO:

- Quality
- Performance
- Durability
- Reliability
- Safety

## OUR CORE CAPABILITIES

- We import, stock and distribute a comprehensive range of products and spare parts
- Orders are dispatched the same day on in-stock products
- Our in-house repair and workshop facility allows us to repair and service all brands of pneumatic tools, chain hoists and winches with quick turnaround times
- We provide education on products supplied to enhance their sustainability within your organisation
- We are a dedicated importer and supplier of premium brands to both public and private sectors
- We supply industrial air tools, chain hoists, winches and associated products for above and underground applications
- We have experience working alongside companies who are protective of sensitive information and we are accustomed to signing Non-disclosure agreements
- Working with you on Special Projects, Designs and Customisation
